| Sizes | 64, 86, 135 x 19mm 140 x 25mm 90, 140 x 35mm |

* Hardness refers to the Janka rating which is the hardness level given to each species. The higher the number, the greater the hardness.

PARKSIDE DECKING BENEFITS

- **PARKSIDE** products are grown in Australia, produced and manufactured in Australia for Australian conditions
- **PARKSIDE DECKING** heartwood is naturally insect and decay resistant while every piece is treated with an ACQ H3 treatment ensuring any sapwood that is used is also fully durable.
- **PARKSIDE** have some of the highest standards and best quality sawmilling technology in the Southern Hemisphere, meaning their quality is second to none.
- **PARKSIDE DECKING** are all durability class 1 above ground species; giving you peace of mind your product will hold its integrity for over 40 years!
- **PARKSIDE DECKING** uses some of the highest quality and most unique Australian species, creating some of the most beautiful Australian decks
- **PARKSIDE DECKING** is leader in its innovation as the only Australian produced decking product packed in same length bundles of 5 pieces. for ease of transport, merchandising, storage and use in application.
- **PARKSIDE** are Australia's largest producer of Spotted Gum products, so you know they know what they are doing when milling Spotted Gum.

COMMERCIAL and STRUCTURAL

PARKSIDE DECKING can be used in the construction of timber decks, boardwalks, bridges, jetties as well as a vast majority of other platform and structural applications. Commercial decking is available dressed or rough sawn and is available in large section sizes and features the highest strength group rating for superior span capacity. All **PARKSIDE DECKING** timbers are manufactured to Australian Standards AS2796.

CHAIN OF CUSTODY - PEFC CERTIFICATION

PARKSIDE are so proud of their quality and integrity in sawmilling, they have invested in third party accreditation for Chain of Custody certification for timber.

PARKSIDE DECKING is certified by internationally recognised, PEFC, meaning Parkside's products are sourced from sustainably managed forest, so you know that the forests and **PARKSIDE TIMBER** will be here for generations to come.

PLEASE NOTE

Colour variations within timber species in normal photography are only indicative of the colour range. **PARKSIDE TIMBER** retains the right to vary specifications without notice due to our policy of continued development in our product range.
